The EMS Low Cost criteria:

Equipment under the value of \$50.00 incl GST is **NOT** provided except for:

- o Children under 16 years, or
- o People who experience hardship and unable to pay (eg is receiving a Special Benefit and written support is provided from Work and Income), or
- o People living in residential care.

Note:

The \$50.00 incl GST threshold now excludes equipment packages for eating, personal hygiene/toileting and the individual items are no longer able to be combined together to total more than \$50.00 such as knife, fork, spoon.

The \$50.00 incl GST threshold is based on the price that accessible or Enable NZ pay for the equipment, not the retail value.
